Susan,

I am in need of the PayOption ARM Note and Rider (Version 0511). We've had a loan suspended because we closed on out-dated documents. In order for us to use the Note and Rider through our front end system, we need the documents to be e-mailed in ".uff" format (i.e. cannot be a Microsoft Word Document).

Last year, you assisted us in getting the appropriate forms in this UFF format. Could you help us again? Specifically, I need the following forms:

FE5310 (0511)

FE5313 (0511)

FE5310FL (0511)

FE5310NH (0511)

Thank you!
